### **The 4 Keys to Complete Wellness**

Thanks for your interest in this free report. After my Father died of a brain tumor back in 2002, I took it upon myself to learn as much as I could about cancer and disease to ensure I never ended in a hospital at the hands of a person who only believes in drugs and surgery.

The 4 keys are all synergistic, although my research has shown outstanding results from each one individually. I want to turbo charge my health, so I choose complete wellness by using each and every one.

**The first key is Alkaline Water.** Our bodies are made up of more than 70% water and our brains around 90%. Without water, we cannot survive and without water, the acidic wastes generated from metabolism and the environment cannot be flushed from our system.

But not all water is equal. I'm talking about **Alkaline Water** here.

It offers superior hydration, high redox potential (-ORP) or the ability to scavenge free radicals and will gradually wash away the organic acid buildup in your joints and tissues which occurs when you metabolize food. Since water is essential to life, I regard it as the first step in the process. Please visit: <http://alkaline-water-info.com> to read more.

**The second key is StemEnhance -- <http://adult-stem-cells.info>.** **StemEnhance** supports the natural release of **Adult Stem Cells** from the bone marrow. These stem cells then travel to the tissues to revitalize and repair them. This is something that has been happening in your body since birth -- every cell in your body is replaced, every 7 years -- but slows down as we age.

So we have the first key, **Alkaline Water** and the second key, **StemEnhance**.

**Alkaline Water** will flush the cells of toxins, but it will not repair them, only **Adult Stem Cells** can do that. Similarly, **Adult Stem Cells** will not nourish the cells, only phyto-nutrients can do that, which brings us to step 3 of total health, **Frequensea**.

**The third key, Frequensea --**

**<http://international.myforevergreen.org>** -- is made from marine phytoplankton, which is considered to be a super food. It contains 14 amino acids, Omega 3 and 6 fatty acids, all the recommended

vitamins, 72 trace minerals, complex carbohydrates for energy and is delivered in a water soluble form for instant bio-availability in the body. I don't know about you, but I used to take 7 different bottles of various things to get even close to that. Please visit: [http://international.fg-legasea.com/US\\_Nutritional.html](http://international.fg-legasea.com/US_Nutritional.html) for the full nutritional analysis.

**The final key** to the health/wellness puzzle is to strengthen the body's **bio-field**.

**Fusion Excel's** -- <http://fusionexcel-global.com> -- **Quantum Pendant, Quantum Bracelet and Quantum Watch** are made from natural minerals that are fused together and structurally bonded together at a molecular level.

The **Quantum Pendant** is a natural **scalar energy** generating device that helps to enhance the body's bio-field. It generates **scalar energy** perpetually and you get instant benefits.

The moment you wear it, hold it in your hand or put it in your pocket, you will get:

- \* an instant increase in your physical balance
- \* an instant increase in your body flexibility
- \* an instant increase in your strength.

You will also:

- \* experience instant protection from the harmful (EMF is the electromagnetic field generated by electronic devices) rays from mobile phones, computers and home appliances

The **Quantum Flask** is also enhanced with **scalar energy**. **Dr Emoto** (*the water guy from What The Bleep Do We Know*) has tested the flask and his research shows that it is capable of restructuring water molecules into smaller clusters. The smaller clusters of water enhance the bio-availability of water in the body thus promoting the various physiological functions contributing to our health.

I've been putting the **Alkaline Water** from my machine straight into the flask for an even better result.

So there you have it, the 4 keys to complete wellness -- **Alkaline Water, StemEnhance, Frequensea** and **Scalar Energy**.

I invite you to thoroughly research each and find out for yourself just how effective they are at providing the optimal levels of health you've been searching for.

Best regards,

**Matt**
